## Report of Selectmen

---

To the Citizens of Randolph:

Several years ago it was decided that a few pictures included with the Town Reports would help to enliven the contents. It was the original plan that the pictures contained in the Reports should in some way pertain to town affairs, however, as years go by in a town of our size it becomes increasingly difficult to adhere to this plan and still avoid repetition, consequently it becomes necessary to draw from our bountiful supply of Randolph's scenic splendor. This year's cover scene is from our east boundary looking to the towering heights of Mts. Madison and Adams.

This fall the Wood family celebrated their centennial—one hundred consecutive years of ownership and occupancy of "Broadacres." During this time the farm has served a dual purpose, besides being a privately owned and operated farm it could be said that it is also the oldest standing public building in town.

In the early days the sign "ACCOMMODATIONS—R. Wood" appeared over the door of the house, a welcome sight to the weary traveler. We speak of "the weary traveler" not as one who has driven his hundred odd horse power automobile over hard surfaced roads, but rather his counterpart of yesterday who after prodding and urging his slow ox drawn load of freight over Gorham Hill could find food and shelter for both the team and himself at the Wood Farm.

The arrival of the railroad brought about many changes—among them the re-location of the U. S. Postoffice. This change took place in 1893 when the Postoffice was moved from the old Bradbury place to Broadacres where it has remained ever since. Indeed few of the local residents can recall differently. To most of us the Postoffice and Broadacres are synonymous where for many years in fair weather or foul we have received our mail and a cheery greeting.

Randolph's thirty-six square miles located in an area where the annual precipitation has been known to reach 70 inches would seem to be a land of abundant moisture. With natural springs and streams we are well endowed, however when it comes to ponds and lakes we can boast of only one. The Pond of Safety is located in the north western part of our township. It is not a large pond,

but its remoteness has in the past lured many a nimrod to its shores. Fed by several huge springs it provides the source of the Upper Ammonoosuc River. Recent logging has, for the moment, obscured the trails and marred the sylvan beauty of the spot, however these things are not of a permanent nature and another day will see the north view from the pond much the same as it appears here. Those who are interested in the origin of its rather odd name may satisfy their curiosity by reading George N. Cross' "Randolph Old and New." This book is available at the Town Library or may be purchased at the Town Clerk's Office.

#### **This Year's Warrant**

It becomes necessary from time to time to re-survey town lines. In our case practically all of our boundaries are located in woodland and are usually marked by blazed trees. Logging operations frequently destroy all evidence of this nature and in time even though the trees remain uncut the axe marks are overgrown to the point where detection becomes difficult. It is common practice for adjoining towns to share this expense and in this case (Article No. 21) the expense will be shared by Jefferson and to a certain extent by the Brown Co. It is our thought to do one boundary a year until the job is finished.

It has been felt for some time that the town should own more fire equipment than it does. Obviously it would be quite impractical for a town of this size to purchase the sort of heavy fire equipment commonly used by larger towns and cities. Such equipment requires a sizeable and well trained crew to operate efficiently. Article No. 23 is offered for your consideration with these thoughts in mind: The equipment it would buy would be essentially for forest fire suppression. Since the greater part of our town is covered by wood or brush land and since forest and brush fires endanger other properties it is felt that equipment of this nature is quite in order. The pump we have in mind is of the type recommended during the last war by the Office of Civil Defense and in many cases would be of practical use in the case of house fires. It should also be considered that a good many of our buildings are located within easy pumping distance of Moose River and other sources of water. From what information we have been able to gather the \$700.00 would purchase the pump, nozzles and considerable hose. It is hoped that additional hose could be purchased another year.

Article No. 24 covers the cost of last spring's fire at the house now owned by Mr. Marshall, it also includes the Town's share

of the brush fire on Randolph Hill. The total cost of the Randolph Hill fire was \$840.49, with the State sharing half. The bill from the Gorham Fire Department for the Marshall house fire was \$118.00. There is also the small item of \$5.25 for the refilling of fire extinguishers.

The advertising program that has been carried on for the past few years has not achieved the desired results. The sponsors, after careful consideration, have asked that this program be discontinued for the present.

For the past several years the town has voted to pay the salary of a life guard for the Ravine House pool. This year the owners of that property feel that such practice should temporarily be discontinued until they are able to complete a program of improving the pool facilities so that the proper amount of water will be present for bathing. Since this program is unlikely to be accomplished this year they feel it unreasonable to ask the Town to provide a life guard without definite assurance that swimming will be available at all times.

#### **Changes in Ownership**

Richard Andrews' house purchased by Mrs. Martha Anna Reihle, Fred Corrigan's house at the tile plant purchased by Mr. and Mrs. Maurice Legassie, The Carleton Brook Teahouse purchased by Albert N. Bean, the Mary Jane Morse cottage purchased by Allen L. Huntington, The Grand View Cabins purchased by Mr. and Mrs. Henry Wolf, Fayfount purchased by Mr. and Mrs. Charles Chagnon, the Page cottage purchased by Mr. William Marshall.

#### **New Buildings and Renovations**

George and Martha Schneeman have added to their facilities with the completion of a new motel. Lucien Cloutier has purchased a lot and built a small home at the west end of town. Rev. Frederick Phinney has completed the first summer home on the Stearns Road. It is insulated throughout and constructed so that it could easily be turned into a year round home. Mr. Bliss Woodruff, architect and supervisor. Mr. William Marshall has completely renovated the former Page cottage and he and his mother are making it their year round home. Mrs. Lucy Richardson and Mrs. Josephine McConnell have developed their former recreation room into a very comfortable and attractive residence.

On behalf of the Town we welcome these new property owners to our community.

# School Warrant

THE STATE OF NEW HAMPSHIRE

---

To the Inhabitants of the School District in the Town of Randolph qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 10th day of March, 1953, at 9:00 o'clock in the forenoon to act upon the following subjects:

1. To choose a moderator for the coming year.
2. To choose a clerk for the ensuing year.
3. To choose a member of the school board for the ensuing three years.
4. To choose a treasurer for the ensuing year.
5. To determine and appoint the salaries of the school board and truant officer and fix the compensation of any other officers or agents of the district.
6. To hear the reports of agents, auditors, committees or officers heretofore chosen, and pass any vote relating thereto.
7. To choose agents, auditors, and committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize for the application against said appropriations of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.
9. To transact any other business that may legally come before this meeting.

Given under our hands at said Randolph this 15th day of February, 1953.

CORA REED,

# Budget for 1953-54

## BUDGET FOR 1953-54

(Compared with Budget of 1952-53 and Expenditures of 1951-52)

	Amount Spent 1951-52	Adopted Budget 1952-53	Proposed Budget 1953-54
Salaries of district officers.....	\$ 59.00	\$ 59.00	\$ 100.00*
Superintendent's salary (local share)	176.00	184.00	192.00*
Tax for state wide supervision.....	80.00	96.00	82.00*
Salaries of other adminis. personnel	65.00	65.00	70.00*
Supplies and other expenses.....	11.09	15.00	15.00*
Transportation .....	1,893.31	2,000.00	2,000.00
Tuition .....	4,656.50	7,000.00	7,425.00
Retirement .....	9.00	10.00	10.00*
Insurance, treas. bond and expenses	6.00	6.00	6.00
Totals .....	\$6,955.90	\$9,435.00	\$9,900.00
Total School Budget .....	7,235.00	9,435.00	
Raised by local taxation.....	6,700.00	9,435.00	
Requested appropriation, March 1953 Budget:			\$9,900.00

The school board is not required to estimate their balance for June 30, 1953 at this time. It might be helpful to the voters to know that it is expected that there will be at least \$1,200.00 to apply toward the appropriation so that the amount to be raised by taxation will be considerably less than the total budget.

\*The starred items are required by law to be raised as determined by the proper authorities. The district determines the salaries of the district officers. The supervisory union board decides the local share of the superintendent's salary and other union expenses. The state treasurer reports the amount of the per capita tax. The retirement board assesses the amount for the teachers' retirement.

## TEAM WORK WILL DO THE JOB

Team work has won victories from time immemorial - for families, towns, cities, states and nations. Team work is the highest form and most democratic example of cooperation. Without teamwork, America and Americans would never have achieved the greatness that is theirs. We are all aware of its power and appeal. It is no less needed now than in the past.

Team work among those who live, work and recreate in and near the woodlands, is vital. There never was a time when our woodlands as a whole were in such precarious condition as they are now.

Since the hurricane, nearly 900,000 acres of slash have been added to our already sizable slash problem. If we are to avoid unnecessary trouble with fire in our woodland areas everyone must cooperate - we must have team work. The remedy is simple -

YOU and YOU and You and You

- MUST secure the required permit from your local forest fire warden before burning.
- MUST use necessary precautions while burning or smoking in or near woodlands.
- MUST not throw lighted cigars, cigarettes and matches from vehicles moving along highways.

Otherwise YOU might well contribute to a costly and damaging fire. And don't forget that fire might destroy your own property!

REMEMBER - Only YOU and YOU and YOU can prevent fire!
